Corporate History

In 1984, Mr. Chan K. Park founded Joowha Industrial Co., Ltd. in Korea and Joowha became the largest manufacturer and exporter of Flexible Intermediate Bulk Containers (FIBC's) in the world.

In 1995, Joowha established Shanghai Joowha Plastic Corp. to fulfill customers needs; better quality products at lower price. Six years later, JPC Korea Co., Ltd has been established to support booming domestic markets in Korea. JPC obtained quality certificate ISO 9002 and other internationally acclaimed certificates, proving to our customers to meet global market requirements.

In 2006, Joowha Plastic Corp. completed construction of brand new manufacturing facility in Hanam, Vietnam and moved manufacturing equipments from China and Korea.

With the completing of new factory in Vietnam, JPC is positioned to lead our industry in one of its most significant transformations since the start of manufacturing FIBC's more than 25 years ago.
